Elements of Machine Learning, WS 2022/2023
Jilles Vreeken and Aleksandar Bojchevski
Code of Conduct. Exercise Sheet #__: <u>A2</u>

Name: <u>William LaCroix</u>

Matriculation number: <u>7038732</u>

Code of conduct. Hereby, I certify that I have written this exercise sheet on my own, with the help of my team partner for this course (if any), that we are both jointly responsible for the submitted content, and that we have not used any aids other than those indicated. When it applies, those passages taken from other works (it also applies to works from electronic databases or from the internet), either verbatim or in spirit, have been marked with an indication of the source and compliance with the rules of scientific citation. This assurance also includes pictorial representations, tables and supplied drawings used in the exercise sheet. I am aware that any deception will be punished according to the study and examination regulations applicable to me and my team partner.
